DEAR ONES:

This is a resource booklet for those whose soul has been calling for 'more' than what can be derived from prayer and the strategically edited Holy Bible; those intuitively knowing there is higher knowledge of God. Even so, some will not understand it or be able to embrace it; others will gasp it in for the relief of a thirst that has been suffocating them! The soul which is ready for such awareness and strives to perfect it in their lives will be speedily swept into the inner circle of spiritually evolving souls, recognizing each day with more clarity their Oneness with God. Signs will abound to keep you forwardly confident until there is 'no turning back,' no doubt in your mind and actions your purpose for existence.

Those who cannot yet see the Omniscience in God's Plan are simply not yet at their appointed time of such powerful revelation. That does not mean you cannot be, in this lifetime or even in the next moment, for there is an awakening time set for each soul. My own recognition hit me in an instant within a simple conversation with a stranger in the library. Passionate diligence in study and application of my newfound knowledge of God's Principles have brought me to the passion of sharing that which is cognizant and proven in my own life and mind.

The ready seeker will be struck with words and statements in this booklet, recognition lighting up the soul and driving it thirstily forward for more. Access to answers, to satiate the gasping soul, can be found in the links within this booklet and thereby paving the way for a more personalized research. This booklet is not meant to 'spoon feed' you, but to open the door for your own soul to guide you to the TRUTHS of spirituality according to the Ageless Wisdom, which was strategically removed from the Holy Bible Ages ago. Seekers are set on a quality research course by the choice of links inserted. It now becomes simply YOUR choice. Time is of the essence; may you continue now in the fulfillment of God's Plan, who choose to be all they can be and for whom God has already made available every resource in the heavens, universes, and earth toward that divinely inspired goal; to help you become who you were truly meant to be!

~ INTRODUCTION ~

Consider deeply that which is beyond the 'blue' of the sky; take your eyes briefly off yourself and your surroundings. Life is BIGGER than the ravenous appetite, than the unceasing calls from debt collectors, than pettiness of quarrels, road rage, and all life's other emotion manipulators. Life itself is miniscule in the greatness of that which surrounds us and calls to us urgently to perfect our souls, to rise to a higher understanding of the TRUE meaning of life.

Earth is the planet for the soul to 'work out its own salvation' through the process called 'life'. . . our individual '**podvig**' (**spiritual path**: http://orthodoxinfo.com/praxis/theveil_podvig.aspx). SOUL-PERFECTION involves all those lower behaviors in that they are meant to be markers of what to leave behind, aspiring to become what we each were meant to be: gods! (*Psalms 82:6 "I have said, Ye are gods . . ."*)

Given everything we need to do so was gifted from God in Principles, which means - like the Principle (Law) of Gravity - they are there for each person, not a favored few. And STILL they exist. In spite of the magnificent efforts to thwart the freedom of all humanity, the Principles - like God - are everlasting. There is absolutely nothing but one's own mindset to keep that freedom from any individual on earth, now that this information has been exposed.

So you are able to move on quickly to desired enlightenment, let me speak up immediately on what I call The Greatest Deceit, perhaps even surpassing that told of the antichrist. Destroying that 'deceitful' fortress will be the greatest and most profound step toward your inner peace, forgiveness, understanding, compassion, mercy, and patience . . . in other words, the perfection process of the soul, that eternal entity within.

For starters, know:

REINCARNATION and KARMA have been the most misunderstood and abused words since mankind embraced the spirit of control. Below, I quote a godly man given the gift of translation between the physical world and the spiritual world.

REINCARNATION: Edgar Cayce describes it as: *"'Reincarnation' is simply the 'return' of our soul, as many times as is needed for its perfection (or final rejection). Jesus performed it often and right before our eyes, then stated "These things and even more will you do . . ."*

If there is no reincarnation – or 'return' – why would He have performed it time and again and promised it even again in the future? Leaders in early mankind, desirous of control or fearful of losing control of their fellow human beings, strove successfully to eliminate that which would illuminate. When Truth would make its resurrection attempts, lies and distortions were designed against it and records meant for divine guidance were destroyed. Down through time history shows the progression of the FEAR of that which would illuminate, labeling any part of it as occultism and worthy of gruesome death. (Note that 'occult' means 'hidden' and hidden well it was.) This entire process of bringing the soul into perfect alignment with our Lord God in heaven is not the same as

the labeled 'occults' which practice witchcraft and Satanism. They have been rightfully labeled because they do have to hide their evil practices and darkness is their only light.

We have been robbed of the greatest Truths that would have accelerated our Lord's final return, keeping us in suffering and darkness like a giant crushing thumb upon our spirits.

KARMA: Edgar Cayce describes it as: "Karma' is simply the same thing religions have reiterated throughout the eons as 'you reap what you sow' and 'suffering the natural consequences.'"

As you've undoubtedly read about 'forgiveness' in the Bible and now that which Edgar Cayce reported, when the soul is truly repentant and strives sincerely to higher evolution, those consequences can be greatly lessened or completely forgiven. The understanding and soul evolution that comes about is what is required. In the lifetime on earth, in the present body, what progress is made by the time of physical death is retained and the new body – upon return, at God's bidding – begins in that state of awareness. Some recognize it as early as infancy; some midway in life; and some 'awaken' late, just in time for a little more, or perhaps sudden great, progress before the death of that physical body. It is even possible for a soul to progress completely in that one lifetime of awareness and not have to return, but can spend the rest of eternity in the bliss of God's Presence and in spiritual service. **(Karma = Law of Cause and Effect: http://www.lucistrust.org/en/books/ponder_on_this/ponder_online/contents/part_3/098_103#98)**

* * * * *

"No man is ever put into circumstances which are insurmountable, once he has reached the point where he has intelligently put himself on the side of evolution, or of God. Prior to that he may, and will, be driven by gales of circumstance; the press of group and racial karma will force him into situations necessary for the process of awakening him to his own innate possibilities. Once he becomes the conscious builder himself, seeking to control the forces and builders of his lower nature, and to construct the Temple of Solomon, then he is no longer subject to the earlier conditions. He becomes a ruler, a builder, and a transmitter, until the time comes when he is one with the solar Angels, and the work of human evolution is accomplished."

"You are in process of incarnation; you are following your chosen way. Is the house you are building yet lit? Is it a lighted house? or is it a dark prison? If it is a lighted house, you will attract to its light and warmth all those around you, and the magnetic pull of your soul, whose nature is light and love, will save many. If you are still an isolated soul, you will have to pass through the horrors of a more complete isolation and loneliness, treading alone the dark way of the soul. Yet this isolation, this loneliness, and this separation in the dark night, are all part of the Great Illusion. It is, however, an illusion into which the whole of humanity is now precipitated in preparation for unity, freedom, and release. Some are lost in their illusion, and know not what is reality and truth. Others walk free in the world of illusion, for the purposes of saving and lifting their brothers and, if you cannot do this, you will have to learn so to walk." Ponder, by A.A. Bailey

“Whoever is not kind to every form of life--to man, to beast, to bird and creeping thing--cannot expect the blessings of the Holy One; for as we give, so God will give to us.” Ch. 74:24AG

~ LISTEN, SWEET SOUL ~

Listen, sweet soul, as you cry and agonize
on why tribulation is happening to you
Indeed, time has come for you to realize
there's a genuine reason for all you do.

The Law of Cause and Effect, long set aside
is now open to your beckon and bid
You've now the responsibility to the end abide
and to put into practice ageless wisdom, long hid.

Step up to the plate, in confidence pay due
for now that you know, it can quickly be past
Harm done before – lo, in ignorance - costs you
but you'll quickly see your trials won't last.

So open your soul, your eyes, your heart
commit to live life to serve, do no harm
Daily homage to God, in sincerity, is your part
through caring and goodwill, employ a long arm.

Set up for yourself – ah, firstly for others – today
what delights that would fill all tomorrow
Tolerate no slack, your diligence will pay
and result in eternity absent of sorrow.

* * *

*Omniscient God, restore our ability
to know those things we today 'set up'
will expedite our souls prosperity.
Amen*

~ The Hierarchy ~

Yes, dear ones, there IS a higher spiritual order, a 'hierarchy' for humanity, kept well-hidden for Ages of Ages by rulers and those who would control and persecute others to their own profitable benefit. The first step taken toward that goal in this Age was, of course, the desecration of the Holy Bible, strategically separating divine documentation of those valuable Principles meant for all, hiding from full view and access those beloved directives meant to the freedom of mankind. It can be denied, it can be argued, it can be ignored . . . but - like gravity - it cannot be rendered impotent.

The ABSOLUTE SINGLE PRE-REQUISITE to the success of your newfound freedom path is to acknowledge the existence of 'The Hierarchy.' To help you understand exactly what that means, here is a direct description from Alice Bailey's PONDER:

"This Hierarchy of forces has four pre-eminent lines of work:

- a. *To develop Self-consciousness in all beings.*
- b. *To develop consciousness in the three lower kingdoms.*

As is well known, the five kingdoms of nature on the evolutionary arc might be defined as follows: the mineral kingdom, the vegetable kingdom, the animal kingdom, the human kingdom, and the spiritual kingdom. All these kingdoms embody some type of consciousness, and it is the work of the Hierarchy to develop these types to perfection through the adjustment of Karma, through the agency of force, and through the providing of right conditions.

- c. *To transmit the will of the Planetary Logos.*

They act as the transmitter to men and devas or angels, of the will of the Planetary Logos, and through Him of the Solar Logos.

- d. *To set an example to humanity.*

. . . This Hierarchy is composed of Those Who have triumphed over matter, and Who have achieved the goal by the very self-same steps that individuals tread today. These spiritual personalities, these adepts and Masters, have wrestled and fought for victory and mastery upon the physical plane, and struggled with the miasmas, the fogs, the dangers, the troubles, the sorrows and pains of everyday living. They have trodden every step of the path of suffering, have undergone every experience, have surmounted every difficulty, and have won out . . . Their apprehension of the freedom that comes through the sacrifice of the form by the medium of the purificatory fires, suffices to give Them a firm hand, an ability to persist even when the form may seem to have undergone a sufficiency of suffering, and a love that triumphs over all setbacks, for it is founded on patience and experience. These Elder Brothers of humanity are characterized by a love which endures, and which acts ever for the good of the group; by a knowledge which has been gained through a millennia of lives, in which They have worked Their way from the bottom of life and of evolution well nigh to the top; by an experience which is based on time itself and a multiplicity of personality reactions and interactions; by a courage which is a result of that experience, and which, having itself been produced by ages of endeavour, failure, and renewed endeavour, and having in the long run led to triumph, can now be

placed at the service of the race; by a purpose which is enlightened and intelligent, and which is co-operative, adjusting itself to the group and hierarchical plan and thus fitting in with the purpose of the Planetary Logos.” (Of course, there is more . . . see

PONDER/The Hierarchy, this link:

http://www.lucistrust.org/en/books/ponder_on_this/ponder_online/contents/part_2/071_073#71.

)

The Hierarchy also prepares the way for the **Reappearance of The Christ** (<http://www.share-international.org/>), explained here: **Who is Maitreya?**

He has been expected for generations by all of the major religions. Christians know him as the Christ, and expect his imminent return. Jews await him as the Messiah; Hindus look for the coming of Krishna; Buddhists expect him as Maitreya Buddha; and Muslims anticipate the Imam Mahdi or Messiah. Although the names are different, many believe that they all refer to the same individual: the World Teacher, whose personal name is Maitreya (pronounced my-tray-ah).

Preferring to be known simply as the Teacher, Maitreya has not come as a religious leader, or to found a new religion, but as a teacher and guide for people of every religion and those of no religion.

At this time of great political, economic and social crisis Maitreya will inspire humanity to see itself as one family, and create a civilization based on sharing, economic and social justice, and global cooperation.

He will launch a call to action to save the millions of people who starve to death every year in a world of plenty. Among Maitreya's recommendations will be a shift in social priorities so that adequate food, housing, clothing, education, and medical care become universal rights.

*There is a **Day of Declaration** coming - that 'call to action' - in which this Teacher will make Himself known and visible to all mankind above the age of fourteen. Very soon now Maitreya will appear on television in this country [USA] and later in Japan and then around the world and speak very simply so that everyone can understand Him and when Maitreya talks you know it is true. He speaks directly from the heart to the heart and that energy which comes from being the embodiment of Love awakens that love in your heart and you believe what He says because you know it is true. The television networks will be linked together for this event and "All eyes will see him" as it says in the Bible. You will see His face – you will feel that energy – you will say: "Only the Christ could fill my heart with that love."*

Under Maitreya's inspiration, humanity itself will make the required changes and create a more sane and just world for all. (Please read MORE http://www.share-international.org/maitreya/Ma_main.htm.)

~ We Now Have No More Excuses! ~

Whether you're a prisoner within the prison walls, learning even more destructive 'group' thinking and behavioral habits, or a prisoner outside the prison walls to the 'same ol' merry-go-round' of debt and frustration, broken relationships, year after year, and giving up hope of ever seeing a change, this information will give you hope once again. It's time for you to know who you are truly meant to be, step right on into that new life - for God has said 'This, too, shall pass!' - and STOP living in your karmic habit of stinkin'-thinkin'-livin.' We not only have Divine 'permission' to do so, but it is a requirement of the Principles governing the evolution of the soul. It takes great courage and effort to just simply determine to start living from this moment forward in the way the Agni Yoga - a distributor of the Principles - instructs. Those instructions will take the devoted student through the fire of putting to death those old ways of thinking and acting and reveal the *uncompromising* promise of each Principle!

You must make a quality choice, for here is your eternal 'crossroad.' To NOT get into alignment with the Principles, which have been heretofore withheld from you, is to live in continual frustration and repetitious results in everything that has plagued you throughout this lifetime. Rest assured, it will continue right into the next lifetime, for we begin each new lifetime experience with what we left with in the previous lifetime. That goes not only for the rebellion and ignorance against the Principles, but for the spiritual growth and awareness through *obedience* to the Principles.

It is encouraging to know that what we FINALLY learn in this lifetime can become our new beginning in the next and we don't have to live through the karmic junkyard most of us have had to experience in this lifetime! Why, oh why would anyone want to repeat their karmic experience again and again...or even just ONCE more!? When we align with the Principles, all heaven and the entire cosmos comes to our aid, even when we don't at first get it right. Sincerity of effort and diligence counts!

As we mostly live out the first parts of our lives paying our karmic debts, as in 'reaping what was sown' and 'paying the piper' his dues from past lives, it is also karmically set for each soul to come to an end of those debts. It is up to each individual to recognize when that time has come, or even that it exists, and learn to 'step up to the plate, pay the dues like a man, and get it over with' so the rest of the lifetime can be lived out in the sincerity of serving humanity.

By 'serving humanity,' it is meant that (to quote the Tibetan Master Djwhal Khul): "*True service is the spontaneous outflow of a loving heart and an intelligent mind; it is the result of being in the right place and staying there; it is produced by the inevitable inflow of spiritual force and not by strenuous physical plane activity; it is the effect of a man's being what he truly is, a divine Son of God, and not by the studied effect of his words or deeds.*"

One comes to the 'spontaneous outflow' by the study of such deliciously informative books as listed at the end of this booklet, written by those hierarchs who have gone before us and other enlightened authors; by sincere striving and putting into practice those principles and precepts of the Agni Yoga; and by meditation and prayer.

But first, one must recognize that their thinking and actions are being ruled by the memory and habit of previous experiences. Those thoughts, worries, and anxious anticipations, living in fear of 'what next!' all come from the reactions to those earlier karmic debts. When one is not aware that this is what is going on, they tend to think life (or God) has dealt them a miserable card and they respond accordingly . . . and, worse yet, speak it aloud for others to hear so they then gossip it to others and so forth. Everything thought and said goes out into the manifesting substance of the universe, into infinity, and returns accordingly. So you see why the 'merry-go-round' never lets you off? Trust me, from experience I can say how difficult it is to 'picture' and speak what has never been and never seems to be allowed in your life! But it IS exactly as (what's left of) the Bible says: 'Speak that which you would have it be, not that what is. Let the weak say they are strong . . .' So you see, now knowing this Principle of Thinking Responsibly removes all excuses for lower kingdom thinking, acting, and reacting. There simply ARE no more excuses!

Yes, so much of what you are reading and will be learning must be bravely put to the test. Another Principle comes into play here and that is *when you change your reaction, the action has no choice but to change or end*. You will NOT be let down! And when you start seeing, time after time, the Principles are indeed - and without fail - 'uncompromising,' (that truly "what goes up DOES come down" after all!) you will then begin to align yourself in every instant of your life. In that way, your example will be seen and others drawn to have what you have. THAT, my friend, is 'serving humanity,' in a nutshell.

Don't fool yourself into thinking this is one of those 'get rich' programs, for while success is inevitable as in 'may you prosper even as your soul prospers,' it isn't meant for all of the enlightened ones to be wealthy in the monetary sense. It IS, however, by far 'richer' to comprehend you are never going to be without what is necessary to maintain daily life and always be provided what is needed for your individual and corporate service to humanity. Glamour will have gone by the wayside and your styles, tastes, priorities, and methods will have changed. The peace, your focused Intention, and the joy can never be taken by a corrupt government, crafty businessman, or cruel spouse. There will never again be FEAR of losing something or someone. No fear of anything at all. Now I ask you: Is that not 'unhampered liberty?'

~ The Principles ~

I keep speaking of 'the Principles' and by now you are wondering how many there are and WHAT they are. There are too many to mention here, but all will be exposed to you as your soul progresses; for now, I give the most urgent in the effort to enlighten humanity and bring about the mighty change so desperately needed as this Age closes and another envelops.

THE PRINCIPLE OF:

Thought Responsibility - *Written in the Bible in II Corinthians 10:5 KJV, to 'bring your thoughts into captivity,' it meant just that! For the reason of omnipresent manifesting energy, all thoughts and words must be carefully weighed, their goal assessed, and their motive pure. Imagine all the thought refuse bouncing around our existence, manifesting chaos and confusion generation after generation by those in ignorance of this Principle. Each person stepping up to take control of their thoughts and put into practice the POSITIVE energy of this Principle carries the great power of counteracting those binding forces carelessly inflicted upon humanity. REMEMBER, before a thought-form is constructed, the three steps to the Power of Thought:*

- 1) envision its purpose
- 2) ascertain its goal
- 3) verify the motive

Act as a thinker and learn that it is not right to prostitute your thoughts to the base use of separative desire. The energy of thought is for the good of all and to the furtherance of God's Plan. Use it not selfishly.

For those desiring to know more of how to constructively use your thoughts to the benefit of humanity, secure to yourself the FREE online book by Alice Bailey, Letters on the Occult (<http://www.light-weaver.com/meditation/toc.html>). No, it is not about witchcraft, but simply explains how to responsibly use your mental faculties in proper prayer and meditation form. There is great danger in attempting to do so without training and accurate knowledge, all well hidden ('occult') for Ages! (Consider formal training through Morya Federation (<http://www.moryafederation.net/>), an online university of valuable esoteric training as designed by the Masters; FREE - donation.)

Universal Assistance - *Often considered the Principle of Abundance, yet it INCLUDES 'assistance' when it is requested by the student to help them 'stand firm' in their intention to change a worldly pattern to the higher ways. It is grievously painful, oft times, when a Principle is known, embraced, and yet seems so difficult to transition into. The Masters understand this and there is no judgment, but are standing by - as part of the Principle - to see how far you will recognize your own innate ability*¹ to its success, yet allowing you the option to call for assistance, should failure loom down upon you. REMEMBER, it most often takes lifetimes to change . . . and therein lay the verse 'His Mercy endures forever.' Don't use that as an excuse to fall short of your efforts, but press*

onward knowing you are wrapped in assistance in all you do and undertake to the furtherance of your soulful goals and in serving humanity.

When we step out in sincerity and pure motive toward those commendable goals on our Path, all the resources of the universe – of God – step up to assist. (II Corinthians 9:8-9 KJV) Watch closely, for this Principle often starts out so subtly it goes unnoticed. When recognized, even though it may seem miniscule, acknowledge it with an attitude of gratitude and you will be off and running, 'seeing' the Principle unfold faithfully before you time after time. Congratulations - evolution is having its delightful way in you!

** 1“The consciousness of an Arhat”² bestows advantages, but exacts full responsibility. But how many can sense the joy of responsibility? At the time when one must assume responsibility, one must also have the courage to see oneself as an Arhat who leads the battle unaided, able to withstand the assault of the elements with his wisdom and his will.”*

**²ARHAT = 'worthy one,' not having to reincarnate again for karmic debt.*

The Spoken Word - *The purpose of all speech is to clothe thought and thus make our thoughts available for others. When we speak we evoke a thought and make it present, and we bring that which is concealed within us into audible expression. Speech reveals, and right speech can create a form of beneficent purpose, just as wrong speech can produce a form which has a malignant objective. Through speech a thought is evoked and becomes present; it is brought out of abstraction and out of a nebulous condition, and materialized upon the physical plane, producing (could we but see it) something very definite on etheric levels.*

*Let each of you gain that control of speech which has often been your goal but seldom your achievement, and REMEMBER that the most powerful factor in the control of speech is a loving heart. Wild and fearful talk, hateful gossip, cruel innuendo, suspicion, the ascribing of wrong and wicked motives to persons and peoples, and the divergences of attitude which have separated the many different nations in the world, are rampant today, and have brought the world to its present distressing situation. It is so easy to drift into the same habits of speech and thought which we find around us and to discover ourselves participating in attack and the spirit of hate. Guard yourselves strenuously against this and say nothing which could inflame hate and suspicion in connection with any race, any person, any group or any leaders of groups and nations. You will have to guard yourselves with care, so that even in defense of that which you may personally or nationally approve, you do not find yourselves full of hate and breaking the law of love - the only law which can truly save the world. Perhaps the key to your success along this line will be the silence of a loving heart. Test out your ability to keep silent until it is no longer necessary to do so. Learn to know when to speak and when to be silent, remembering that the elimination of possessiveness and of self-reference will reduce speech to its spiritual essentials. **(URGENT, more here!***

http://www.lucistrust.org/en/books/ponder_on_this/ponder_online/contents/part_4/154_162#161

Harmlessness - Harmful magnetic conditions, as the result of man's wrong handling of force, are the causes of evil in the world around us, including the three sub-human kingdoms. How can we, as individuals, change this? By the development in ourselves of Harmlessness. Therefore, study yourself from this angle. Study your daily conduct and words and thoughts so as to make them utterly harmless. Set yourself to think those thoughts about yourself and others which will be constructive and positive, and hence harmless in their effects. Study your emotional effect on others, so that by no mood, no depression, and no emotional reaction can you harm a fellow-man. REMEMBER, in this connection, violent spiritual aspiration and enthusiasm, misplaced or misdirected, may quite easily harm a fellow-man, so look not only at your wrong tendencies but at the use of your virtues.

If harmlessness is the keynote of your life, you will do more to produce right harmonious conditions in your personality than any amount of discipline along other lines. The drastic purgation brought about by the attempt to be harmless will go far to eliminate wrong states of consciousness. Practice this with zest and understanding, for it is (if truly carried out) the destroyer of all limitation. REMEMBER, this is the famous 'golden rule' and indeed WILL cause right and wrong behaviors to dictate whether you leave this lifetime with or without karmic debt. **(More:**

CONSIDERATIONS by Vivika-Qi

~ Bring It On! ~

How does one - the diligent disciple - make that transference from 'transition' to 'actuality' in their soul life? To be so on the edge is often disconcerting and seems so elusive. Is it death that brings it on? I think not, for we start out again with what we last took with us; we don't come back - in our evolutionary process - perfected. Is it perseverance? Partially, we must assume, for not to persevere means not to make the full leap in the proper time (or 'in the nick of time'?). Of course, I do know the answer after all! It is brought on to ourselves in the striving toward that soul-perfection, which is the very purpose of our existence on this planet, however many lifetimes it may take. We are aware of those unsavory character traits needing expelled and how can we know such victory lest we fight the battle! So we must 'buck up,' sharpen the Sword of the Spirit, and step into the fire . . . BRING IT ON!

~ DO I 'Love All Humanity?' ~

As I contemplate on my 'love for humanity' and confess I have not yet 'arrived' to be able to claim that as an entirety, I was reminded in my soul that the struggle was not to learn to 'love humanity' but to just not restrict it.

- *I purify my astral life and know myself to be nothing but a channel for the love of God. And, in this potent body of the lower self, naught can exist which blocks the outgoing love of God to all I meet.*
- *Human beings are the outer forms of spiritual sparks (Monads; of God), who are using the human form to demonstrate the Light, Love, and Power of the Cosmos, through man.*

In knowing those points, and understanding the very makeup of my body being of the same substance* as all infinity and His, I release the struggle of striving to love and just simply let GOD's love flow through me uninhibited. When a situation or someone 'gets in my face' and tries to block that flow, I remind myself that such a 'block' is also of the same substance and cannot stop it; thus, situations resolve divinely - as God would have it. Like water through a hose leaves its deposit in its path, in being His conduit the love bathes me also and I become the love for humanity. Struggle? What struggle?

P.S. A side note, in the cases where you may seriously need assistance 'standing firm' in your newfound Intention of proper action/reaction: Simply silently within call to the Master with 'Aum' (or OM, pronounced as in OMnipresent, OMnipotent, and OMniscent.) Give praise always for the all-powerful AUM, the word for GOD and all He encompasses in those three words. You will come to know more about the 'Aum' Principle.

* see Deva Dust below

Vivika-Qi 6/6/12

~ Deva Dust ~

Have you seen in the sun's rays, streaming through the window or tree, those glittering particles and thought them dust? Yet, not all can see them, have you noticed? They are the substance and elements of the subtle world and only those of a higher consciousness may observe, whether they are living the Teaching cognitively or not. Now that I know what it is, they remind me of the 'gold dust' used by the 'fairyland fairies.'

I call it Deva Dust, giving lightly a name denoting this powerful substance of creation and used also by those Devas¹ of the universes sent to serve and maintain the entire cosmos. Their 'tools' are those crystallized granules - the substance of omnipresence - which is the substance of manifestation and is the space² filling in-between objects, infilling the objects, and keeping the planets and universes afloat.

Akasa – The subtle, super sensuous spiritual essence which pervades all space; the primordial substance erroneously identified with Ether. But it is to Ether what Spirit is to Matter, or Atma to Kama-rupa. It is, in fact, the Universal Space in which lies inherent the eternal Ideation of the Universe in its ever-changing aspects on the planes of matter and objectivity, and from which radiates the First Logos, or expressed thought. ([Agni Yoga Glossary](#))

Agni Yoga 542 – The so-called fourth dimension is a property of psychic energy. The properties of psychic energy will make possible the broadening of all understanding. Under hypnosis, one's consciousness can direct the psychic energy to the site of one's ailment. This can be done, for example, in cases of herpes, tumors, or eczema. What is needed for this is that the store of psychic energy in one's somatic system be sufficient. Psychic energy is accumulated in the nerves, and its crystals activate the somatic system, which otherwise would remain dormant.

Elements – The elements are spacial substance, imponderable and immeasurable —semi-amorphous crystals in the aspect of the so-called elemental manifestations. The essence of the unmanifested spirit permeated the substance of space. The spheres of the elements are of dazzling beauty, and besmirching them is like destroying a wonderful flower. I feel that the teaching of pure thoughts will permeate into people's consciousness. The sower of thought gathers the harvest. Therefore, with the Mother of the World all-seeing cooperation is unavoidable. The state of substance of the space, pierced by the combinations of new rays, permits the beginning of the New Era. All Good should be gathered. ([LMG II, pp 141-142](#)) The consciousness of space permeates the brain substance. This process cannot be demonstrated; it cannot be measured. (AY 218)

Deva - All matter is living matter, or is the vital substance of deva entities. For

instance, a plane, and forms built of that particular plane substance, is the material form or sheath of a great deva, who is the essence back of manifestation and the soul of the plane. (Ponder, A.Bailey)

It is my belief that with an understanding of the above statements, by those great ones who speak with authority, it stands that 'we are gods'^{*3} by the very fact that our bodies and minds and all the illusions of earth and the cosmos, are of the same substance. As we embrace this knowledge, we are able to manipulate - without hypnotism - the substance, even to the 'washing' of our minds of the thoughts we no longer wish to battle. Habits are changed, wrong beliefs are vanished, illnesses are cured, and poverty becomes estranged from the human race.

'WASH YOUR MIND' simply by splashing the surrounding granules ('invisible' space) over your face and head as you would with water on a hot day, though your form does not inhibit the cleansing flow. You are using the very same elements to 'wash' with as that which makes up your body. Picture that which you want removed and let the granules wash out those thoughts, behaviors, and doubts as it replaces with NEW substance and healing. Be ever diligent to keep the mind renewed with pure and worthy knowledge.

I also strongly believe that the words we speak and the thoughts we think are carried upon those permeating crystals as abruptly as a match to kerosene, instantly pervading all infinity with their blessing or refuse. Likewise are our prayers sent into the creating substance, manifesting through the very existence of each crystal - that universal and perpetual storehouse of creation. Gratefully, upon recognition of this Principle and in effort to change lowly behaviors, those true to the Teaching are made aware that, even as instantaneous as is that action, the positive and worthy thought is even more powerful and quick, able to cancel the wicked word or thought when the desire to do so is sent out. Recognize the power, therefore, of united mantrams and of the transmission meditation; the cancelling effect on multitudes and eons of thought refuse, inhibiting humanity's evolution. **RECOGNIZE THOUGHT AND WORD RESPONSIBILITY!**

Comprehend the *fullness* of their individual matter! It is upon these very crystals the Principles of God are laid and played. Realizing their entirety permeates every existing manifestation throughout infinity, none are excluded from its prizes or punishments. Therein lay the process of evolution, the process of each individual life, the process which determines the obvious and invisible victories of each soul's striving.

This Principle of Creation can be executed and maintained on a cognizant level and is available successfully to all who sincerely strive to follow the Teaching, never giving up, knowing effort counts, and knowing always it is never-ending . . . as is the Joy of those true.

~ Right Human Relationships ~

“The establishing of right human relations is an aspect of the divine will for humanity, and the next facet of the divine expression to manifest itself in human affairs – individual, communal, national and international. Nothing has ever finally impeded this divine expression, except the time factor, and that time factor is determined by humanity and is an expression of divine free will. The intended divine expression can move rapidly or slowly into manifestation, according as man decides; hitherto, man has decided upon a slow – a very slow – manifestation. It is here that the freedom of the human will shows itself. Because divinity is imminent or present in all form, and therefore in all human beings, that will must eventually be fulfilled; because of the tremendously material intention (esoterically speaking) of all forms at present, that Will has hitherto been retarded in its expression; it has not been the will of man to establish right human relations. Hence the discipline of war, the torture of the forms, and the misery in human living today.

These factors are bringing about a great and general transformation’ the indications of this are easily to be seen by spiritually minded people. Such people are constantly saying (as Christ did in the Garden of Gethsemane), ‘Let the will of God be done.’ (Matthew 26:39) They say it ignorantly and often hopelessly; nevertheless, it indicates a general process of spiritual re-orientation, of submission and of acquiescence. Submission has in it the elements of conquest by circumstances and of a recognition which may not understand but which submits to that which is imposed. Acquiescence has in it the element of an understanding intelligence, and this marks a great step forward. Both admit the fact of a divine overshadowing will in the life of mankind today; both are preparatory to recognition of Christ’s work in bringing about right human relations. At present the submission of mankind to the divine will is a negative submission; the true submission is a positive attitude of spiritual expectancy, leading eventually to a positive acquiescence.” PONDER, by A.Bailey

~ P.S.: On ‘RIGHT RELATIONSHIPS’ ~

It was planted within me, during meditation last night, a quite spectacular, delightful, and speedy way to accelerate my soul’s perfection on this matter; indeed, I still get excited goose-bumps as I remember it now. As the above poem *Listen Sweet Soul* states on ‘others first,’ which is the totality of ‘Right Relationships,’ this following committed and quality practice cannot but streamline our desire to that perfection:

“Behave toward others in a way that sets up THEIR ‘tomorrow,’ THEIR soul’s progress, THEIR next lifetime, as ideally as you’d have yours. In your response, initiated action, words, thoughts, toward each person you meet and interact with, let it be such that it draws out of their mouth, thoughts, and reactions, that which would bring to them excellence in the Law of Cause and Effect, now and in the future. In that way, violence and anger, confusion and harm, all negative human aspects are kept at bay, releasing immediate healing into all of humanity. Because we are all considered ‘opportunity liaisons’ on this planet Earth, in all we do toward each other, we must strive to never miss an opportunity to put into practice such compassion.

In the practice of it, watch your own circumstances change and feel the thrill of your own soul, for your self-forgetfulness is its greatest desire.”

It takes practice, for sure, but REMEMBER: when we step out in faith toward that goal, all the resources of the universe – of God – step up to assist.

*‘An opportunity has gone to come no more and you must wait until the ages roll again.’
(approx. 2,350 yrs; seven rotations of the sun) Ch 105:36 AG*

May we never miss those opportunities and have to wait upon the next ‘roll.’

~ CONCLUSION ~

If the spirit within you has been tingling with delight as you have been reading this information; if you hunger and thirst like never before, to know MORE about the hierarchy, Principles, and serving humanity; then it stands to reason your soul has been tapped for its evolution. Your 'podvig' has come to full light in your mind and nothing can hold you back from pressing on to the satiation of your Soul. There is a time set karmically for each soul on earth to be 'tapped' as such. Be aware, the Path is wrought with pain, as the earthly thoughts and habits are put to death, replaced by the loyal striving to obey such a loyal and knowledgeable Soul, rooted to the Omniscience of God's. Yet, be encouraged, the straight knowledge of what the sincere 'student' will be taught and shown through inspiration from the hierarchy and guided to those Teachers along the path, infill that student with an unfathomable and indefatigable Joy. There will come, finally, the realization of the glamour and illusion of this earthly existence as having no longer any hold on you whatsoever. This you will come to recognize as *'unhindered liberty'* - *your TRUE Self!*

Only so much information will make it to this book, or any book, for that matter. Therefore, below are some links to help guide you in the right direction in your search for 'more.' Rest assured, as your soul is recognized as sincere and purposeful, you will be guided divinely to information (= the Principle of Attraction!) meant specifically for you AND corporately for all of a like mind. Even more important than one's 'Self' is to be thinking and striving toward 'unity,' as time rushes forward to the cataclysmic closing of this Age. And, more important than rescuing one's Self is the importance of loving humanity to the exclusion of Self's concern and to the rescue of mankind. This you will come to understand and embrace, you will see. The Master's are sending forth energies to those faithful students at a much higher pace, now, for the urgency of the time. For the sincere student, many errors are overlooked in the diligent process - that, too, is a Principle - and the entire Universe comes to your aid.

Be patient and forgiving of your Self, for it is oft a slow process. Be of good courage, faint not, and 'never give up!' (Hebrews 10:35-39 KJV)
